COMPANY VISION

Double business with half the impact.

Our vision is to be the leading provider of supply-chain solutions and logistics management by incorporating technology and the highest global standards in our business operations.

01 Responsibility
Be accountable for every action.

02 Be honest
Keep your word.

03 Be innovative
Make things better.

COMPANY MISSION

Innovating and inspiring our clients.

Our mission is to provide sustainable and unparalleled solutions to our clients in the oil and gas industry in the most cost-effective manner: being the go-to marine logistics provider that helps clients navigate the complexities of the industry.

Onshore and offshore, further and safer.

By adhering to our mission, we aim to be the go-to marine logistics provider for our clients and help them navigate the complexities of the industry.

01

General Procurement

Sourcing goods, services, and works: onshore and offshore: through a transparent, fair, competitive process.

02

Project Management

Planning, coordination, and controlled delivery: including equipment leasing agreements.

03

Marine Logistics & Support

Managing material flows, services, and information across shipping and waterfront operations.

04

Dredging

Removing sediment and debris to keep waterways navigable and shorelines protected.

05

Construction

Structural fabrication, welding, and onshore/offshore site construction to specification.

06

Oil & Gas Operations

Transport and storage of oil & gas products across the entire supply chain.

WHY TRIPOCEAN

A different approach, using a new method of procurement.

We go above and beyond to show clients why we're the best option for their needs: with special features that ensure their top satisfaction.

HOME OF ENERGY TRANSITION

Our Partners

As a growing brand, we work carefully with all types of petroleum product manufacturers: local or global, large or small. Exceptional quality is the foundation of our company and the driving force behind every decision, whether it's which materials to purchase or the best way to serve our customers.

Chevron

Shell · SPDC

NNPC

SNEPCo

Core Values

Our goal is to create unequalled value for our clients: recognised in ship manning, petroleum procurement, and vessel inspection. We accomplish our mission by focusing on the following core values.

Responsibility

No matter what, we do not pass the bulk.
We are accountable for all our actions.

Endurance

We always invent solutions tailored specifically to meet the needs of our clients.

Availability

We are never far from our customers: present to solve problems even at odd times.

Teamwork

We plan and execute every project together: the smallest link in our chain matters to the big picture.

We make a difference every day.

Join us and make a difference in marine logistics, equipment leasing, dredging, and oil & gas.

CONTENT

Local Content Support

To contribute to the growth of 's industrial abilities and competencies: and help the nation's economy: we maximise the participation of local businesses and contractors in our operations, in compliance with the applicable local-content & Gas Industry Content Development Act, 2010.

We are committed to maximising, in a sustainable manner, the use of local human resources, materials, equipment, and services: without compromising the company's values, quality, and health, safety & environment standards.
